About AfrikThrive8 Foundation

AfrikThrive8 Foundation is a non-profit organization with a vision of a thriving Africa where every person has the opportunity to live a healthy, educated and dignified life in empowered communities. Our mission is to empower people and strengthen communities across Africa through innovative and sustainable programs in health, education, youth empowerment, and community development. We collaborate, build partnerships, and mobilize resources to create lasting impact and transform lives.

Why We Invite Speakers

Our free virtual events — hosted on X Spaces and other channels — equip African youth and women with practical skills in employability, technology, entrepreneurship, financial literacy and vocational development. As a speaker, you bring lived expertise our audience can act on, while gaining visibility before an engaged pan-African community. Every session is promoted across our digital platforms with your name, headshot and bio.

What Speakers Receive

- Full promotion of your profile (name, headshot, bio, handles) on our event flyers and social media
- A dedicated speaking slot with structured Q&A and audience engagement
- A digital Certificate of Appreciation from AfrikThrive8 Foundation
- Ongoing partnership opportunities as our programs grow

Speaker Guidelines

- **Speaking time:** typically 10–15 minutes per speaker, depending on the number of speakers per session. With fewer speakers, individual time is increased. Your confirmed time will be communicated before the event.
- **Preparation:** keep your talk practical and action-oriented — our audience values tips they can apply immediately.
- **Punctuality:** please join the Space at least 10 minutes before start time for a sound check.
- **Language & tone:** sessions are conducted in English, in a respectful, inclusive and non-partisan spirit.

- **Q&A:** time is reserved after each talk for audience questions moderated by our host.
- **Promotion:** we encourage you to share the event flyer with your own network — tag @AfrikThrive8 so we can amplify.
